

## REGISTRATION OF INTEREST IN CONSORTIUM COLLABORATION

This service has been developed for suppliers and communities of expertise that seek to join in consortiums (group applicants). The purpose is for the supplier to receive information about potential business or competence partners and inform others about their own competencies. The Norwegian Directorate for Higher Education and Skills (HK-dir) does not have any role in, or responsibility for, the establishment of consortiums, apart from making this service available to potential bidders.
